STAT

SUBJECT : Request to Appear Before a Non-Government Group

1. I request permission to appear before a non-Government group as provided for in

STAT

2. When approved, I will chair a technical presentation at the SHARE 60 Conference in San Francisco, California on February 21st. I will be attending the conference as a representative of the Agency. The audiences are expected to be comprised of up to 500 persons from the United States and Canada representing organizations running large IBM computers. The meetings will be held in the San Francisco Hilton Hotel; the risk to employee safety is minimal. Members of the press are barred from attending sessions at this conference.

3. I will be introducing the speakers and moderating the question-and-answer period; none of my remarks will be classified or controversial. The session that I am scheduled to chair is a discussion of the design, features and functions of IBM's VM/XA Migration Aid computer operating system. The speakers will be system architects from IBM Corporation. The Agency is likely to be among the first users of this new software technology. It is through the visibility that we enjoy in organizations such as SHARE that we are able to attract skilled computer scientists to the Agency, as well as to influence the decisions of the computer vendors upon whom we are dependent.

STAT 4. I  will be identified as an Agency employee./signed/
